RIDE PAST REGRET.

We've long heard that good things come in threes. Can-Am Spyder is living proof that it's true. It starts with three wheels and three cylinders. It ends with the perfect union between you, your ride, and the open road.

In between, you'll find everything else that makes the three-wheel experience an experience all to itself. Like being able to leave everything behind over and over again with a community of riders across the world.

GOOD THINGS COME
IN THREES.
SOMETIMES ALL
AT ONCE.

THE CAN-AM SPYDER EDGE 6

Some products may not be available or homologated in your region. Contact your dealer for more information.

There's only one way to feel the wind race past your helmet at 80 mph and over a hundred horses between your legs with a sense of ease, control and stability. But don't just take our word for it.

Experience the Joy of Three.

THERE'S A RIDE FOR EVERY ROAD.

What's the perfect ride for you? Important things to consider are the length of ride, how much cargo you're carrying, your preferred riding position, and whether or not you'll ride with a partner. And let's not forget your preference for comfort or sport performance.

SPORT CRUISING

LET EVERYONE
ELSE BE LIKE
EVERYONE ELSE.

The perfect combination of power, bold muscular design, stability, and cruiser riding position, the Can-Am Spyder F3 family is at home in the city and on the fast, winding roads of the country. You can safely push the limits of performance with the Spyder F3 and F3-S.

Some products may not be available or homologated in your region. Contact your dealer for more information.

F3

COLOR

STEEL BLACK
METALLIC

Our base model allows you to own the road with speed and confidence thanks to the best-in-category braking and Can-Am Spyder F3 performance.

F3-S

COLOR

LIQUID
TITANIUM

Up the ante on your ride with added horsepower and a Sport Mode that lets you find the sweet spot of speed and control.

Plus, the new Liquid Titanium Special Series turns heads with its Super Sport Grille, orange handlebar and frame, and Gauge Spoiler.

SPECIAL SERIES

THREE-WHEEL PERFORMANCE. THREE-WHEEL CONTROL. THREE-WHEEL FUN.

SPYDER F3-S FEATURES

1. SPORT MODE

Activate Sport Mode when you're ready to take the reins and carve up twisting roads or kick up some dust with controlled rear tire spins.

2. PERFORMANCE SHOCKS

Sport-tuned, gas-charged front shocks give you a responsive, sporty feel and great performance on the most demanding roads.

3. ROTAX® 1330 ACE™ ENGINE

Ten extra HP can only mean one thing – better performance. Our most powerful engine allows you to challenge the road knowing you have the power you want when you need it.

F3

CRUISER TOURING

MAKE ANY ROAD NEW AGAIN.

Cruise in comfort while you experience your favorite roads for the first time all over again with the Can-Am Spyder F3-T and F3 Limited. It's everything the open air ride has to offer with the convenience and peace of mind of a three-wheel. Keep passengers safe and sound, avoid objects in a split second, and reverse without ever having to touch the ground.

Some products may not be available or homologated in your region. Contact your dealer for more information.

F3-T

COLORS

OXFORD BLUE
METALLIC

The Can-Am Spyder F3-T is built with weekend getaways in mind. Ride in comfort thanks to the air suspension, low windshield, and adjustable, relaxed seating position. And of course, there's also the USB port, four-speaker sound system, and full-color LCD display with BRP Connect™.

F3 LIMITED

PHOENIX ORANGE
METALLIC

STEEL BLACK
METALLIC

Cruise scenic roads in pure comfort with the Can-Am Spyder F3 Limited, featuring a relaxed, adjustable seating position, cruise control, and nearly 37 gal of storage. Passengers can ride with the added benefit of heated hand grips and self-leveling rear air suspension.

THE LONG ROAD IS UNDERRATED.

SPYDER F3 LIMITED FEATURES

1. TOP CASE

Removable watertight top case provides an extra 15.8 gal (60 L) of storage, making it perfect for not leaving anything behind on a long-distance ride.

2. PREMIUM AUDIO SYSTEM

Our 6-speaker sound system comes equipped with radio, USB, Bluetooth[®] and 1/8" (3.5 mm) audio inputs so you can listen to your favorite music from any device.

3. CHROME OR DARK TRIM

Modern or classic, it's up to you. Choose the trim that best suits your own style and taste.

RT TOURING

TAKE THE RIDE LESS TRAVELED.

Can-Am Spyder RT models are designed to let you and a loved one explore the open road in the lap of luxury with creature comforts like an adjustable windshield, comfort seating, and a full LCD display equipped with BRP Connect. And you'll have the chance to do it all with friends and family of the wider Can-Am Spyder community.

RT

With its ride, exceptional storage, and an adjustable windshield, the Can-Am Spyder RT lets you hit the open road and never turn back. Passengers can rest easy with a passenger backrest, adjustable footboards, and rear air suspension.

COLOR

PEARL WHITE

RT LIMITED

The Can-Am Spyder RT Limited builds on the luxury of the Spyder RT, and takes it even further with the style of chrome or dark trim and the comfort of the rider footboards, without sacrificing things like storage or the ergonomic integrated backrest. The open road experience shouldn't be this comfortable.

DARK EDITION

LUXURY FOR TWO.

SPYDER RT LIMITED FEATURES

1. HEATED RIDER AND PASSENGER GRIPS

Heated rider and passenger grips keep you comfortable even when the elements aren't cooperating. Perfect for early-season riding.

2. SELF-LEVELING SUSPENSION

Rear air shocks automatically adjust to passenger weight to ensure comfort is never compromised.

3. FOG LIGHTS

See and be seen with fog lights that give a larger beam and increased visibility when riding.

MAKING THINGS CRYSTAL CLEAR.

The display technology available on Cruiser Touring and Touring models offers a large panoramic 7.8" wide LCD color screen that's visible in all conditions.

SEE EVERYTHING

With its 7.8" panoramic, color LCD display, our premium gauge is larger and sharper. The gauge is designed to reduce glare in sunny conditions, and features brightness that automatically adjusts based on ambient light.

HANDLEBAR CONTROLS

Control smartphone apps through the handlebar with a joystick located on the left grip.

PHONE APPS

CONNECT WITH
ANY DEVICE

*Always pay careful attention to the road and do not use BRP Connect features under conditions that will affect your safety or the safety of others.

BRP CONNECT

Connect your gauge with BRP Connect, allowing the integration of vehicle-optimized smartphone apps. You can get directions, listen to your favorite music, and check the weather – all while you ride.*

To learn more about the BRP Connect technology and to see the latest apps available visit CANAMSPYDER.COM/TECHNOLOGIES

The new Can-Am Spyder F3-S digital gauge is a full 7.6" wide, letting you see everything at a glance, including tachometer, odometer, trip and hour meters, gear position, temperature, engine lights, fuel level and clock.

The Can-Am Spyder F3's new 4.5" digital gauge allows you to minimize distractions and features everything you need, including tachometer, odometer, trip and hour meters, gear position, temperature, engine lights, fuel level and clock.

THE DIFFERENCE IS IN THE DETAILS.

All Can-Am Spyder models are powered by the Rotax 1330 ACE engine. Its three in-line cylinders produce a high-torque response in every gear and a deep, unmistakable exhaust note. Can-Am Spyder also has the most advanced vehicle stability system in the industry, but the ride doesn't end there.

TRACTION CONTROL SYSTEM (TCS)

Safely accelerate in slippery conditions thanks to the TCS, which detects excessive wheel spin and responds by briefly reducing engine torque.

STABILITY CONTROL SYSTEM

Developed in partnership with BOSCH[†], the stability control system assesses your intended direction and determines the right response, applying the brakes to the wheels individually and/or reducing excess engine torque and giving you confidence on the road.

DYNAMIC POWER STEERING

The electronically controlled power steering system varies the amount of assistance depending on your vehicle's speed, making it easy for you to maneuver and steer.

SEMI-AUTOMATIC TRANSMISSION

Shift through six gears without ever having to touch a clutch. The semi-automatic transmission uses race car-style paddle shifting for quicker, smoother shifts. Manual transmission is also available on the Can-Am Spyder F3-S Model.

ANTI-LOCK BRAKING SYSTEM (ABS)

ABS monitors each wheel's rotation independently and prevents any wheel from locking. Combined with Brembo[†] brakes, it delivers maximum braking performance.

REVERSE

True transmission-based reverse provides improved maneuverability that puts complete and confident control at your fingertips. Reverse without ever touching the ground.

CRUISE CONTROL

Simple, one-handed operation and quick engagement allow you to set a comfortable pace easily. Cruise control lets you fully appreciate the scenery around you as you ride. Available on all models except the Can-Am Spyder F3 model.

SPYDER F3

Every model in the Spyder F3 family is equipped with our exclusive UFit[™] system. UFit allows you to create a fit tailored to your height and riding style, with five foot peg and handlebar positions. To learn more, visit UFITSYSTEM.COM
